Product Description

Guangzhou Howe machinery is a company with 12 years of experience in the after-sales market of construction machinery, integrating the production, procurement and sales of high-quality parts. Our company mainly produces and sells after-sales mechanical accessories of major brands such as Carter, Komatsu, Hitachi, Sumitomo and sany. Our company was established in 2009. In line with the love of the industry, persistent and continuous development. The rapid development of the company over the past ten years has attracted many dreamers to work together. We have our own factory and R & D team. Many domestic OEM manufacturers assist in processing customized products from customers at home and abroad. Howe is a team composed of skilled engineers and professionals. We can ensure the best quality, competitive price and timely delivery

Why choose us ?

Strong part number database.

If you can provide the right model and part number, we can supply the right product.

Professional and experienced salesperson.
Our founder has been into this field for more than 10 years, with rich experiences.

Strict and complete company rules.
We will try our best to meet customer's delivery time. Before delivery, we must verify the part number or pictures of products one by one, to make sure that customers can receive high-quality and right-quantity goods.

Good management system.
No matter how big or small order, as long as customers place the order, we will provide exporting services free of charge.

Good service attitude.
As long as customers' requirements are reasonable, we will endeavour to make them satisfied.
